COEXIST SURFACE

Designed by Ramak Radmard

Our constructions are pure and honest, making use of high quality materials specifically chosen for each different application. Coexist is designed as the perfect surface companion for the Exist sofa. The upholstery is easy to remove and replace. This level of simplified functionality gives high user friendliness and reduces wear points.

Glass

An optional layer of 1/2" glass can be placed on top of the pad, allowing the table to be used for more formal occasions.

Upholstery

The surface upholstery is meticulously handcrafted in maharam® and Kvadrat® fabrics or Elmo® leathers. The upholstery is designed with user comfort in mind. The cushions are covered in two layers, the upholstery and the protective inner liner; this allows the quick and easy cover changes.

Cushion

The surface pad is made from high-density fire resistant polyurethane foam, and covered with a protective inner liner.

Base

The base is made using maple wood.

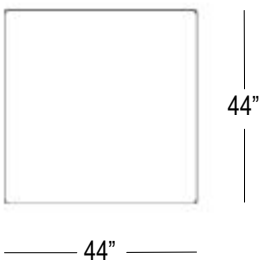

Legs

The legs are made from nickel plated steel.

Sizes

The Coexist is available in two sizes.
